01	<u>Cool woven look</u>
02	The outdoor specialist Fischer Möbel has developed a new
03	chair in a brand new look which makes it really stand out from
04	the crowd. With its new "Nizza" collection, the manufacturer
05	has gone for a cool woven style. With an aluminium frame
06	base, the chair has a modern and lineal tightly-woven fabric
07	seat and back. The high-quality material is completely
08	weather-proof and always keeps its shape. The ergonomic
09	back of the chair guarantees outstanding comfort. The chair is
10	available in anthracite, or with a crème-white frame and "Si-
11	erra" fabric.
12	
13	In addition to the chair, a pedestal table providing plenty of
14	legroom is available in many practical sizes from around 70cm
15	up to a 160 x 100 cm garden table.
