01	Swing – for a swinging recreation
02	
03	Design orientation and material, this is the approach of Fischer
04	Möbel designing new models for outdoor. Distinctive, individ-
05	ual and always an eye-catcher, that's what furniture should be.
06	A demand that can only be satisfied by best materials. There-
07	fore the Swing frame is stainless steel. Armrests made of teak,
08	seat and back weatherproof outdoor sling combined with the
09	highest seating comfort. One version is available with the new
10	Batyline Canatex sling. It contains environment-friendly natural
11	product hemp. A natural effective surface that keeps fresh
12	even on hot sunny days is the result.
