01	<p>The lounge system <b>Flora</b> with its adjustable backrest and side parts turns the outdoor area into a cosy haven. The functional outdoor sofa invites you to create your own custom-built relaxing landscape. Side tables, upholstery benches and add-on tables offer many shelf surfaces and almost endless combination possibilities. With just a few hand movements, the sofa turns into a relaxing daybed. Like a flower that opens up, the raised side parts and back rest can be folded down with many positions.</p> <p>The <b>Flora</b> sunbed is especially comfortable in both versions either with the elegant elevated frame or with puristic foot gliders. A suitable addition are the matching soft upholstered stools.</p>

01	<b>Winner Iconic Awards: Interior Innovation 2017</b>
02	
03	The <b>Wing</b> collection creates a fresh momentum for outdoor
04	furnishings with its armchair, sidechair, daybed, relax armchair
05	and footrest. Its name says it all: The slightly tilted armrests –
06	like wings – provide the optimum aesthetic design for the
07	armchairs. Subtle colours ensure a timeless elegance. This
08	outdoor furniture is a perfect combination of powdercoated
09	aluminum and tear- as well as weather resistant braided outdoor
10	fabric. The crafted wickerwork offers a comfortable upholstered
11	seat. The woven cords are filled with a wide, soft and
12	dimensionally stable plastic tape and leave nothing to be
13	desired on the material side.

01	<p>The <b>Teso</b> Collection stands for light and airy design. Its technically perfect tables provide plenty of legroom. The amount of available space under the tabletop invites to stretch out and creates the setting for a comfortable leisurely get-together. The <b>Teso</b> table sets new standards in design and material selection, which offers maximum durability and stability. It is available in different colours and invites you combine creatively to one's personal taste. The resistant powder coating offers a fine structure in every design. With three available sizes, the tables are recommended for various applications.</p> <p>The <b>Teso</b> armchair's slim, solid stainless steel tubes hold the tightly woven <b>fm-soft rope</b> in place. The wide, soft ribbons are masterly hand-braided and thus give the chair a very special, individual character and the best seating comfort. Two attractive colour schemes adapt to the exterior in a stylish way. Of course, the armchair with the elegant fabric straps is weatherproof. The armchairs are optionally available with a comfortable cushion with a matching coloured outdoor fabric.</p>

01	<p>The <b>Tennis</b> collection is a completely independent functional garden furniture concept that has proven itself over many years – a true <b>fischer möbel</b> classic. Besides many innovations, <b>Tennis</b> stands for function, form and the intelligent mix of materials and has received multiple awards.</p> <p>Due to the positive response sustained for the last 25 years, <b>fischer möbel</b> introduces the adjustable armchair for the new season in a modified version. In best colour combination, certified <b>premium teak</b> enters a liaison with the new sling “Cappuccino”. Also new are the additional electro-polished fittings of this armchair, which give the stainless steel the best gloss. In conjunction with the matching footstool your garden becomes a cosy place.</p>
