01	<p>We have combined all our products that are indispensable for a comfortable day in the garden in the Atlantic Collection. Thanks to the modern, functional design, these can be combined with all other collections according to your wishes.</p> <p>The stackable lounge offers the best reclining comfort with an adjustable backrest. The ergonomically shaped recliner adapts perfectly to the body and invites you to linger and enjoy, especially in the reclining position that relieves the strain on your heart. Another variant is the particularly elegant, stackable wellness lounge. The loungers combine high-quality powder-coated aluminium with the proven fabric. These lightweights have a deliberately high reclining surface and can be moved around comfortably, partly with castors. The innovative design of the Atlantic Relax Lounge was rewarded by the German Design Council with the ICONIC AWARDS 2016: Interior Innovation.</p> <p>The small, highly functional Atlantic side tables provide practical storage options. The sleek, modern design of the side tables makes them a modern classic.</p> <p>The folding Atlantic bistro tables are available in many different round and square sizes and can be used individually and practically. There is also a choice of several weatherproof tabletop decors.</p>
