01	<p>Outdoor furniture rethought, that's how you can describe the Claris series. Furniture designer Wolfgang C.R. Mezger is a master of his craft, fine-tuning every detail to achieve the optimum in design quality and utility.</p> <p>With Claris, he has succeeded in finding a sweeping form that ensures a high level of seating comfort and at the same time offers the practical benefit of stackability. The use of materials reduced to the necessary stability is evidence of special design skills.</p> <p>An icon as a table is the Claris column table with round table tops. A clear statement for the new design in the outdoor area.</p> <p>It goes without saying that the masterpieces, which are made exclusively of stainless steel, are weatherproof for many years. New and elegant is also the colour dark bronze, which is offered in addition to the classic anthracite.</p> <p>The table tops offered are made of weatherproof 12 mm porcelain ceramic with luxurious designs.</p>
