Line	
01	<b>Suite - elegance for the outdoor area</b>
02	
03	With its architecturally clear, urban design, Suite Lounge lends
04	an elegant atmosphere to any environment. This timeless
05	design is an exciting combination of excellently crafted stainless
06	steel, polished or anthracite powder-coated, and soft fabrics.
07	The fabrics are weatherproof and are therefore ideally suited for
08	outdoor use. The modular design offers a wide range of
09	combination options, from a cosy 2-seater to a prestigious
10	outdoor seating landscape. There are no limits to your
11	imagination. Numerous fabrics in different textures are available
12	to choose from, offering maximum individuality. The practical
13	side tables offer plenty of storage space on two levels.
