01	<p>The Teso Collection stands for light and airy design. Its technically perfect tables provide plenty of legroom. The amount of available space under the tabletop invites to stretch out and creates the setting for a comfortable leisurely get-together. The Teso table sets new standards in design and material selection, which offers maximum durability and stability. It is available in different colours and invites you combine creatively to one's personal taste. The resistant powder coating offers a fine structure in every design. With three available sizes, the tables are recommended for various applications.</p> <p>The Teso armchair's slim, solid stainless steel tubes hold the tightly woven fm-soft rope in place. The wide, soft ribbons are masterly hand-braided and thus give the chair a very special, individual character and the best seating comfort. Two attractive colour schemes adapt to the exterior in a stylish way. Of course, the armchair with the elegant fabric straps is weatherproof. The armchairs are optionally available with a comfortable cushion with a matching coloured outdoor fabric.</p>
